

Guest & Lounge Seating to welcome visitors to common areas and private offices.

Every business is in the hospitality business

Vendors or visitors. Customers or in-laws. When guests arrive, it's only right to greet them with a good place to sit. Whether people are waiting in the reception area or meeting with employees at their workstations, Ignition guest and lounge seating gives them the first-class treatment they deserve, showing them they're valued and appreciated.

Ignition guest chairs coordinate perfectly with Ignition lounge seating to create a professional and welcoming reception area. Their compatibility with Ignition executive and work chairs also lets them serve as side chairs in private offices and workstations.

Able to seat one, two, or three people, Ignition lounge seating makes everyone's wait more comfortable and enjoyable. It also gives lobbies or other public areas a professional look you can carry through the rest of the office with other Ignition seating options.

The HON Company's Limited Lifetime Warranty covers every chair in the Ignition seating platform. Each is warranted to support users weighing up to 300 lbs. (the industry standard is 250 lbs.) and working a 40-hour week. HON promises to repair or replace any HON product or component that is defective in material or workmanship for as long as the original purchaser owns it. This includes pneumatic cylinders on office chairs. Visit www.hon.com for limitations, exclusions, and other provisions.
